

## SPDIF Extension Kit – Digital Audio Upgrade

The Shuttle XPC Accessory PC17 is an expansion kit to add an optical SPDIF input and output connector to your Shuttle XPC (also known as Toslink or Fiber SPDIF). SPDIF is used on PC audio cards, amplifiers, CD players, DVD players, car audio systems, and other audio devices which transmit or receive digital audio. The Shuttle XPC Accessory PC17 can be simply installed within few minutes on compatible Shuttle XPCs.
