

### Front panel upgrade kit with VFD Media Display

Get the most complete Windows Media Center experience for the home. The Shuttle XPC Accessory PF27 is a replacement for the standard front panel of compatible G2/G5-series Shuttle XPCs. It features a stylish black mirrored G5 front design with chrome buttons and stealthed drive bays and media connectors. The highlight is the integrated Media Display which is fully compatible with Microsoft's Media Center Edition and can be used as secondary display showing system status information right on the front of your Shuttle XPC without obstructing the main screen. Customize your Shuttle XPC!

### XPC Accessory **PF27**

With remote control RC10
